

As an Amateur Radio Operator (N7QXP) I am very aware of the natural resource of our Public airwaves. I am very opposed in letting our airwaves be given over to large corporations. This action will further diminish the voice of the public and strengthen their monopolistic hold on our media. The move by the FCC years ago to allow a corporation to own multiple radio/tv stations was a bad move, however to allow a corporation to continue to add dominance in a public space by controlling newspaper along with multiple radio/tv stations would be an even greater atrocity. Thank you
